FUEL ORDER LIFTED

BUSINESS HOUSES AND CHURCHES MAY RESUME FORMER HOURS

CHURCHES CAN REOPEN

Present Warm Weather is Responsible for the Order—Coal Dealers May Deliver Amount They Please

The orders and regulations governing the closing hours of business houses, churches and other places in Maryville, due to the scarcity of coal, have been lifted. J. J. Heifner, chairman of the county fuel administration board, made the announcement this morning that the "lid was off," and that those who were able to get coal might resume former closing hours. "If the churches are able to secure coal," said Mr. Heifner, "they can now resume their Sunday and week-day services as usual as the restrictions have been removed entirely."

"The present warm weather," continued Mr. Heifner, "is responsible for the order and I am advised that coal is moving from the mines in larger quantities and that railroads are getting in better shape to handle it."

Asked about restrictions as to dealers delivering small quantities of coal, Mr. Heifner said they were privileged to deliver as much as they pleased to customers.

Inquiry of local dealers this morning indicated that most of them were supplied with from one to two carloads, but until consumers who were nearly or entirely out were supplied it is expected that deliveries of more than ton lots will not be made at present.

Coal conditions all over the country have shown a decided improvement during the past four or five days and the railroads report freight moving in better shape than for some time.

DEATH OF MRS. NELLIE EWING

Former Maryville Resident Dies at St. Joseph—Body Is Brought Here for Burial

Mrs. Nellie Ewing, wife of C. H. Ewing of St. Joseph, died at 6:30 o'clock Monday evening at the Noyes hospital, following an operation.

Mrs. Ewing was 25 years old and is survived by her husband, one sister, Mrs. H. S. Schoonover, and one brother, R. C. Anthony, both of Maryville. The body was brought to Maryville last night, accompanied by Mr. Ewing and Miss Mabel Moore.

Funeral services were held at 2:30 o'clock this afternoon at the South Methodist church, conducted by the Rev. R. C. Holliday. Burial was in Miriam cemetery.

Mrs. Ewing formerly lived in Maryville.

Willie McDonald, west of Maryville, went to Kansas City Monday on business.

RED CROSS WORKER COMING

Mrs. Edmund F. Browne, Director of Woman's Work at Headquarters, Here for Conference Feb. 20

Mrs. Edmund F. Browne, director of woman's work for the southwest division of the Red Cross, with headquarters in St. Louis, will be in Maryville next Wednesday, February 20, in the interest of the Junior Red Cross and for a conference with Red Cross workers of the Nodaway county chapter. The announcement of the visit here of Mrs. Browne was made today by Dr. F. R. Anthony, chairman of the Nodaway chapter, who has just returned from a week's visit in St. Louis, Columbia, Jefferson City and St. Joseph in the interest of the local chapter.

At divisional headquarters in St. Louis, Dr. Anthony was questioned as to the work being done by the Nodaway county chapter, being told that only partial reports of activities had been reported. On a large map of the state which covered one side of a large room, Dr. Anthony said that colored pins were used to denote the activities and work done by the various counties in the state, the map being made up from reports received. Nodaway county, he said, although being one of the record counties in Red Cross work, was without proper showing.

Dr. Anthony said that at Columbia and at Jefferson City, at both of which cities state records were kept, very little was known of the extent of the work in Nodaway county.

MUST KEEP PIG PENS CLEAN

Porkers Will Be Allowed In City Only On Condition That They Do Not Become Nuisances

Folks who keep pigs and hogs within the city limits must take ample precaution that pens and lots be kept clean and free from filth. Dr. Karl Malotte, city physician, went on an inspection trip this morning, following a number of complaints received at the office of Mayor A. S. Robey that residents in certain sections were keeping hogs which were proving nuisances. Dr. Malotte said that in no case did he find that the pens constituted an absolute menace, but recommended to the owners that the pens and houses be cleaned. If such notices are not given attention and pens kept free from dirt and filth the city will institute proceedings under the nuisance ordinance.

The city physician said that he would encourage the keeping of pigs in the city in such sections as were not thickly settled and where owners kept the pig pens clean. The government and food administration, he pointed out, were advocating it and the city, having no specific ordinance against it keeping pigs will be permitted under the restrictions named, that cleanliness be observed.

Dr. Malotte said it was entirely possible to keep pig pens clean with lime occasionally used and by the removal frequently of dirt accumulations, and that no offensive smell would come from a pen that was kept clean.

ASKS AID FOR STATE Y.M.C.A.

To Extend Work In Missouri, Nodaway Will Be Expected to Contribute $300 to the Fund

Secretary E. M. Claypool of the Commercial Club is in receipt of a letter from J. P. Hinton of Hannibal, chairman of the finance committee of the state Y. M. C. A., asking that the same organization that put through the successful campaign for the national Y. M. C. A. fund last fall lend its aid in securing a fund for state work.

The state committee, according to Mr. Hinton, has asked the four counties in this district, Atchison, Nodaway, Worth and Gentry, to raise $775 as a part of a fund that will be used in extension of the work within the state. Of this amount Nodaway's quota is placed at $300.

Secretary Claypool will take the matter up with the former members of the committee here and it is expected that the sum will be forthcoming with very little effort.

Charley Walton Enlisted.

Charley Walton, son of Mr. and Mrs. Thomas Walton, living west of Maryville, went to St. Joseph Monday where he enlisted in the United States navy. Young Walton will take a second examination in a few days at Kansas City.

Frank Miller, seven miles northwest of Maryville, went to Kansas City today on business.

OBSERVE SONG WEEK

SCHOOLS THROUGHOUT COUNTY TO JOIN IN MOVEMENT

TO INVITE THE PATRONS

Supt. Cooper Gives Suggestions to Rural Schools — Miss Zenor Directs County-Wide Campaign

"Some singers sing but a single song,
And the world remembers every word,
While others sing their whole lives long,
Then die at last, unknown, unheard."
—Francis Scott Key.
Fort McHenry, Sept. 13, 1814.

Do you like to sing these songs?—"Annie Laurie," "Love's Old Sweet Song," "Tramp, Tramp, Tramp," "We're Tenting Tonight," "The Last Rose of Summer," "Swanee River," "There's Music in the Air," "Old Black Joe," "Auld Lang Syne."

Next week from February 17 to 22 is National Song Week. The whole country will raise its voice in old familiar songs and patriotic hymns. County Superintendent Bert Cooper has requested every school in the county to show its patriotism at this critical time by singing fifteen to twenty minutes for opening exercises both morning and noon each day during the week. He suggests that on Friday, Washington's birthday, all the patrons of the community be invited to spend the time from 2:30 to 4:00 in singing old songs in which all can join.

He suggests that the children write personal invitations to their parents and friends as a grammar and language lesson for one or two days, and adds: "Be sure that every person in the whole community gets an invitation. It does not matter if one person gets half a dozen invitations."

In case the school is dismissed for Friday as a holiday, Thursday should be observed.

Miss Helen Zenor, music director at the Normal, is directing the song campaign throughout the county and it is due to her efforts that it will be largely observed in schools and homes.

YOU'LL LIKE 'OVER THE TOP'

Sergeant Empey's Great Story Will Appear in the Democrat-Forum, Starting Tomorrow

For a year and a half, until he fell wounded in No Man's Land, Arthur Guy Empey, American soldier, saw more actual fighting and real warfare than any war correspondent who has written about the war. His experiences are grim, but they are thrilling and heightened by a touch of humor as original as the Soldiers Three. And they are TRUE. "Over the Top," which starts in the Democrat-Forum tomorrow is the first story by one of the American soldiers who went to France, has been a real combatant and has seen long service in the trenches. Sergeant Empey tells what it actually means and feels like:

To be wounded seven times.

To live for a year and a half with mud and rats and shells.

To be covered with "cooties" and never to get rid of them.

To go over the top in a charge.

To grasp for your gas helmet when a second's delay means death.

To get tangled up with barb wire with that machine gun working a few yards away.

To lie for thirty-six hours wounded and unconscious in No Man's Land.

Here is your opportunity to read a real war thriller and how an American boy did his bit in France. The first installment will begin in tomorrow's Democrat-Forum.

MISS MARKLEY AT ASSEMBLY

Spoke to Pupils Yesterday on "Home and Home Making"—Patriotic Assembly This Afternoon

High school pupils were entertained at assembly yesterday afternoon by Miss Markley, assistant to Prof. P. G. Holden, corn and agriculture expert, who was here during last week, who spoke to them on "Home and Home Making." Miss Markley, who spent a number of years in Mexico, compared the home life of the Mexican with home life in the United States, pointing out from the comparison that it formed the basis of all our liberty, our patriotism and our institutions of government. She urged that a larger interest be taken in the development of life in the home.

This afternoon a patriotic assembly is being held at the high school, including a program of addresses and speeches and the reading of incidents in the lives of Lincoln and other patriotic Americans.

PROF. COOPER TESTS SEED

Testing Boxes In His Office Create Much Interest Among Farmers

County Superintendent Bert Cooper is engaged in making tests of seed corn in his offices at the court house and several testing boxes are in operation. Tests are being made of the prize seed corn shown at the recent county corn show. The testing boxes and the process of testing is creating a large amount of interest and many farmers visit the county superintendent's offices to learn more about the seed testing plan.

TO EXPLOIT RUSSIA

GERMANY TO ATTEMPT INDUSTRIAL AND FOOD CONTROL

UKRANIA OPENS UP WAY

With the New Peace Wedge a Syndicate Has Already Been Subsidized to Put Plans Into Effect

Special to The Democrat-Forum.

Copenhagen, Feb. 13.—Germany is planning the systematic exploitation of Russia, having secured the opening wedge through the separate peace with Ukrania, according to information from authentic sources. Already Germany has subsidized a syndicate which will attempt to secure control of all food supplies and industrial material in Ukrania. German newspapers point out that absolute chaos rules in Russia and that the Central empires may have to deal firmly or even stern in assisting to establish order.

London, Feb. 13.—The British government declines to recognize the treaty of peace signed between the Central powers and the delegates acting on behalf of Ukrania.

Paris, Feb. 13.—The news that Russia is laying down her arms and has declared with the Central powers is not considered here to have changed the war situation in its essentials. It is pointed out that Russia as a practical factor in the war has been inert for months, and the Allies have long since adjusted their plans and calculations to that condition.

Stockholm, Feb. 13.—Advices from Tornea today indicate that the Bolsheviki have been defeated in Finland by troops supporting the new Finnish republic and have offered to surrender.

Washington, Feb. 13.—According to members of the Rumanian mission here the Rumanian government has paid no attention to the German ultimatum demanding that peace negotiations be concluded at once. The Rumanian army will continue its campaign of defense, officials of the mission declared.

ANSWERED ENGINEERS CALL.

WOMEN ARE NEEDED TO HELP IN WAR

Women can be usefully employed in nursing the wounded, in making up the soldiers' kits, and in a thousand other ways. Many American women are weak, pale or anemic from woman's ills. For young girls just entering womanhood; for women at the critical time; nursing mothers and every woman who is "run-down," tired or overworked—Doctor Pierce's Favorite Prescription is a special, safe and certain help. It can now be had in tablet form for 60 cents. All druggists.

Send Dr. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., 10c for trial package tablets.

ST. JOSEPH, Mo.—"Dr. Pierce's Favorite Prescription has saved me lots of suffering. I have taken it during expectancy and it always kept me in good health at that time. I also took it later in life and it brought me through in good health."—MRS. JENNIE MORGAN, 1730 Bell St.

TRENTON, Mo.—"I found Dr. Pierce's Favorite Prescription even better than it is advertised to be. I had woman's trouble; through this I became a nervous wreck. I would have severe pains in my head which would cause me to become dizzy. I had backache, pains in my side and bearing-down pains that would at times extend down into my limbs. I took 'Favorite Prescription' and it restored me to health and strength and at different times I have taken it as a tonic and always got good results. Women who suffer will surely find relief by taking 'Favorite Prescription.'"—MRS. MARGARET DENNETZ, 2314 Lulu Street.

SHIPS MUST WIN WAR

GOVERNMENT NEEDS 250,000 MEN FOR WORK IN SHIPYARDS

NATION'S NEED GREAT

This is "Registration Week"—When Men Are Called Good Jobs With Good Pay Await Them

Washington, Feb. 13.—Because ships are the primary factor in the winning of this war and because their construction depends and will depend upon labor, 250,000 men are to be enrolled during the present week in the United States Shipyard Volunteers.

"Registration Week" has been set aside by proclamation in each state in the Union and the organization for enrollment is complete. The organization for enrollment is to be composed of workmen who are willing to give a good day's work for a good day's pay, workmen who are not asked to sacrifice present positions to rush madly off to the shipyards, which may not be able to accommodate them for the moment, but who stand ready, when called upon, to take a particular job for a particular wage in a particular place, and who enroll themselves so that when needed they may be readily reached.

And the need of the nation is great. The shipping board has the money, the housing of men is being arranged for, the yards are being completed and the materials are available. All that now is lacking is the spirit in the nation that will send the most efficient mechanics into the yards, not in a way to disrupt the business of the country through the robbing of present industries. On the other hand, it is planning to make a careful selection of men whose places can be filled without hardship and who, when called upon to give up the job they now hold, will have waiting for them definite positions at definite wages in definite yards.

Men actually working in the shipyards are placed in the deferred class in the draft.

The following list shows the kind of trades most needed in shipbuilding and a particular appeal is addressed to men in these occupations to enroll in the reserve.

Acetylene and electrical welders; asbestos workers; blacksmiths; anglesmiths; drop forgemen; flange turners; furnace men; boiler makers; riveters; reamers; carpenters; ship carpenters; deck builders; chippers and calkers; electrical workers; electricians; wire men; crane operators; foundry workers; laborers; all kinds of loftsmen; tinplate makers; machinists and machine hands, all sorts; helpers; painters; plumbers and pipe fitters; sheet-mail workers and coppersmiths; shipfitters; structural iron workers; riveters; erectors; bolters-up; other trades; cementers; crane men.

It is urged that mechanics go at once to the nearest enrollment agent of the U. S. Public Reserve of the labor department or to the local enrollment agent of the state council of defense and register themselves as willing to work in the shipyards.

The president of the Emergency corporation says:

"If the American people could be made to realize the necessity of building ships before this war can be won they would subordinate local needs to national necessity. They would realize that not merely the safety of the nation depends upon the quick building of ships, but that industry itself must be disturbed and labor inconvenienced until such time as all the shipyards are working to their maximum capacity.

"The man who lays down on the job in a shipyard, reducing his output, does not give employment to another man to make up his deficiency. Instead, he throws two or three men out of work, because everything that labor turns out for exportation must wait upon the completion of the ship which is designed to carry such supplies.

"To manufacture thousands of tons of war munitions and other commodities for our army and then send them to seaports and not have ships to carry these supplies to France will cause more congestion at our seaport terminals and will ultimately result in the complete closing down of many of our industries.

"The happiness of every man, woman and child in this country is involved in the shipping program. Every rivet driven in the shipyards brings us nearer to the successful termination of the war. It is a question of man power in ship building and within sixty days we will require 250,000 skilled mechanics to help the other loyal men now in the yards to build ships so fast that supplies can be furnished to our boys in the trenches, who are making the supreme sacrifice for their country."

TRYING FOR NON-COMS

Nodaway Boys at Funston, in Line for Promotion, Take Tests

Camp Funston, Feb. 8.

The Democrat-Forum: I will write a few items that will doubtless be of interest to the people of Nodaway county. The boys in the 356th regiment have been, and are being given tests for non-commissioned officers. Nodaway county boys are well represented, about eighteen have corporal and sergeants warrants and several are yet to be given examinations. To get these we are examined before the colonel of the regiment. The snipers of the 356th, 355th, 354th and 353rd regiments have for the last three nights been encamped from four to ten mils from Camp Funston. Each regiment is represented by from three to eight men from each company. The 353rd and 354th were encamped at the trenches on Carpenter Hill, the 355th was camped at the snipper ridge about ten miles away and the 356th was at Hay Camp Springs. The work consisted of patrolling, guarding and scouting. Myself with five men were on a post guarding the main body and things were kept interesting at all times. The first night a lieutenant and two privates were captured by men from the 356th, while none of our men fell into the hands of "the enemy." The next day small patrols were sent out on the surorunding hills to watch the enemy. At dusk our positions were changed and then there was more excitement. While posting my men, myself and a sentinel captured four men from the 355th and in about an hour four more were captured. At two o'clock peace was declared and we all went to bed. The 356th boys slept in their shelter tents for the first time, and I tell you the ground seemed pretty hard. The weather was fine for the trip, but at present the wind is blowing hard from the north and it is cold. All is well here, and lots of clothing and bedding is being made ready for the men of the new draft when they arrive.

Yours very truly,
SERGEANT JOHN MUTZ.

The Law-Abiding McKee Lens Gives 63% More Useful Light

A plain window glass lens wastes all light that goes above 42 inches from the ground. Many other devices choke back the light to a point where they make driving unpleasant, and often dangerous.

By an optically-correct arrangement of prisms, the McKee Standard Lens makes all the light do useful work. It throws on the roadbed for 600 feet ahead an intense white light that keeps below the 42 inch dead-line. For safety in passing cars and turning corners, it gives a strong side-light. It is even better than the law requires.

McKee Standard LENS

Approved by every state in which it has been tested.

It is not only efficient and legal—but also so distinctive in appearance that you will be proud to have it on your car. The glass is clear as crystal. There are no attachments—and the lens needs no dimmers.

Obituary.

The subject of this sketch, Preston Seafers, was born in Chester county, Pa., November 14, 1845; died February 6, 1918, aged 72 years, 2 months and 22 days. He remained in Pennsylvania until eight years old when, with his parents, he moved to Hancock county, Illinois, in 1853, where he grew to manhood. In 1869 he came to Nodaway county and settled on 80 acres of land which he bought, making his home there until 1892, when he moved to Maryville and resided here until he was called home to join the silent majority that has gone before.

Harmony church was built on land owned by him and he was an influential member of that church for many years. In 1870 he married Clarissa Casteel, who came here with her parents from Pennsylvania in 1867, and lived close to where Mr. Seafers settled. Their three children were born at the old homestead in Jackson township as follows: Charles F. Seafers, who is a practicing physician in Port Arthur, Texas; Adella is the wife of Fred Curfman and Lula E. is the wife of Ernest Welborn of Maryville. The only brother, Isaac Seafers, lives at Harrisonville, Mo., and three sisters, Mrs. Mary Swain of Cartnage, Ill., Mrs. Frank Van Velson of Harmony community, and Mrs. Bruce Houchens of Ravenwood.

At the time Mr. Seafers came to Jackson township where he settled the country was bleak and desolate, with few neighbors, but with a determination to make a home in the then distant west, he battled with all the obstacles that beset the early pioneer. It was to such men as he that we owe our broad cultivated acres and magnificent stately mansions. Had it not been for these early pioneers who blazed the way for civilization the glebe would not have been turned up to the light of day to be kissed by the morning sun, nor would the distribution of pabulum been possible to have given us the blessed assurance that seed time and harvest would never fail.

Mr. Seafers was a faithful follower of the meek and lowly Nazarene for many years and tried to do his duty as he saw it. He, like all men, was not without his faults, as to err is human, to forgive is divine. We have known him long and well and no man stood higher in the esteem of the people than he did. The many good traits of head and heart won him friends wherever he went. On moving to Maryville he united with the First M. E. church, and in 1894, as trustee, he helped to plan and watch over the building of the new church, and has held that position ever since. His heart and purse was with the church and the poor.

The funeral was conducted by Rev. Gilbert S. Cox at the First M. E. church, who preached from Micah 6:8, and paid a glowing tribute to the departed dead. The many moistened eyes attested the heartfelt sorrow of the people who followed the remains to their last resting place in Miriam cemetery. The aged mother is bereft of a companion, the children a loving father, and by the people he will be sadly missed. Peace to his ashes.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

ORDER OF PUBLICATION.

State of Missouri, County of Nodaway, ss. In the Circuit Court, April term, 1918.

To Whom It May Concern:

Notice is hereby given that on this day Emily Lemon, Nellie Jones and Lillie Amy Garrett, petitioners herein, by their attorneys file their petition, verified by affidavit, alleging among other things that on or about the— day of ———— 1912, one James H. Lemon made, executed and delivered to the petitioners a certain warranty deed conveying to petitioners certain lands in Nodaway County, Missouri, described as follows, to wit:

The Northeast Fourth of the Northwest Quarter and the Northwest Fourth of the Northeast Quarter and five acres off of the West part of the Northeast Fourth of the Northeast Quarter, all in Section Six (6) in Township Sixty-five (65) of Range Thirty-six (36), Nodaway County, Missouri, same being a part of the home place where the said James H. Lemon then resided.

Said deed conveyed to the petitioner, Emily Lemon said lands for the term of her natural life with remainder to the petitioners Nellie Jones and Lillie Amy Garrett in equal parts.

That after the execution and delivery of said deed to petitioners the said deed was lost or destroyed. That said deed has not been recorded in the Recorder's office of Nodaway County, Missouri; that the said deed was executed by the said James H. Lemon and Emily Lemon, his wife, and praying the Court to hear such testimony as the petitioners may produce touching the execution, delivery and loss of said deed and their interests in the land therein described and to adjudge and determine according to the evidence so adduced by petitioners and that a decree will be entered in said cause at the next term of said court and the title or interest to or in said land adjudged to said petitioners according to the prayer of their petition and it is further ordered that a copy hereof be published according to law in the Democrat-Forum, a newspaper published in said Nodaway County, Missouri, once a week for at least four weeks, the last insertion to be at least four weeks prior to the April 1918 Term of said Court.

ADDS RACERS TO HIS STABLE

Judge Wm. Haney of St. Joseph Purchases Lady Dainty and Other Animals From George B. Baker

William Haney, the well known St. Joseph horseman, purchased yesterday from Geo. B. Baker the promising and highly bred young trotting mare, Lady Dainty, to add to his stable. Lady Dainty is by Peter the Great and carries the blue blood of Joseph Patchen Wilkes, by Patchen Wilkes, sire of Joe Patchen, sire of Dan Patch, world champion. Peter the Great is the greatest sire, living or dead, and was sold last year at Cincinnati for $50,000.

Mr. Haney also purchased from Mr. Baker the Brockway stable of trotters and pacers, including Judge Leric, 2:11¼, Bright Axworthy, 2.08, a sensation on the grand circuit last fall, Max B and Panama, green trotters.

Six thoroughbreds from the Ben Jones stud at Parnell were also purchased by Mr. Haney, including Eudor, winner of the California Oaks last season.

Mr. Haney, for several years judge and starter of the races at the Nodaway county fair, was here yesterday to oversee the shipment of the horses to his breeding farm near St. Joseph. Judge Haney believes that Nodaway county should have a fair this year and hopes to see the farmers and business men take a larger interest in putting on a first class fair.

WOULD INCREASE WHEAT PRICE.

Special to The Democrat-Forum.

Washington, Feb. 13.—Senator Gore, of Oklahoma, chairman of the senate agriculture committee, this afternoon introduced a resolution to increase the government guaranteed price of wheat from $2.00 to $2.50 a bushel.

Hogs Averaged $107.

At the Poland-China hog sale of Auer & Archer yesterday good prices were realized for the offerings, an average for one bunch of 41 being $107. A good crowd of buyers was present and bidding was lively.

Don't Let Catarrh Drag You into Consumption

Avoid Its Dangerous Stage.

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and the hawking and spitting and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications.

S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source, and removes the germs of the disease from the blood. Get a bottle from your druggist today, and begin the only logical treatment that gives real results. You can obtain special medical advice without charge by writing to Medical Director, 27 Swift Laboratory, Atlanta, Ga.
